Re: Probation Status

Dear Parent,

Welcome to St. Gregory the Great Catholic Academy! We are so glad that you chose us to provide your child's education; a duty all of us here take very seriously. The partnership between home and school helps ensure educational success. We hope you and your child take this commitment seriously as well. All new families to St. Gregory's are asked to agree to probation for the first trimester for the 2019-2020 Academic School Year.

During this period, if your child fails to comply with any of the school's policies – for example, consistent failure on tests, poor classwork, poor quality of work, failure to do required homework, failure to do required projects, failure to do required summer assignments, lack of participation in classroom activities, inability to comprehend and follow directions, poor conduct, lack of cooperation, or excessive absences/latenesses, your child may be asked to leave.

The Probation Status is serious as it can lead to school dismissal. With your support and assistance, we are sure to have a successful school year.

We are committed to providing your son/daughter with an excellent education and hope that he/she will make a smooth transition into the community at St. Gregory's.

Sincerely,

Lynn M. Alaimo
Principal

Probation Status

I am aware that my son/daughter _____ has been placed on Probation (with possible dismissal) for the Academic Year 2019-2020.

Parent Signature _____ Date _____
