If you wish to print for your projects and assignments, please bring in one color ink cartridge for an HP ENVY 5540 Printer. Students that bring in one color cartridge will be allowed to use the printer for their work, and a list of those students will be generated. If you already have a home printer, and do not wish to purchase an additional cartridge, please have this printer available for your student to print their work if need be. Students who do not contribute a cartridge will not have printing privileges.

Thank you!

Sincerely,
