

June 2022

Dear 4th and 5th grade students,

Summer is here! While summer is most definitely a time of rest and relaxation, it is also important to continue to work on our reading and writing skills. The following is the required summer work for the rising 4th and 5th graders for ELA. The students are required to read one of the two titles listed under their grade level and complete and extended response about the novel (please complete the planning page and follow the prompts). They will also need to complete one project from the choices listed on the attached page. There will be a test on the novel as well when they return to school.

Rising 4th graders: Choose one of the following titles:

Tales of a Fourth Grade Nothing by Judy Blume

My Teacher is an Alien by Bruce Coville

Rising 5th graders:

Matilda by Roald Dahl

Island of the Blue Dolphins by Scott O'Dell
